

PROFESSIONAL DRAWING FOLDER

GERA

Since 1969 folder manufacturer

GeraFold 222

Small investment of great value!

- ∞ Highly productive folder: 22 m/minute
- ∞ Fan folding: unlimited*
- ∞ A4 packet with a second print introduction
- ∞ Filing margin customizable from 1 to 60mm

The ideal folding solution for architects or engineers, printing centers, manufacturing companies or planning and development studios. Grants folding quality while saving time and money.

Professional results

GeraFold 222 offers high folding precision. The Gerafold 222 folds large format documents, standard and non, into A4 packet the second introduction is automatically detected.

The **table** allows a quick introduction of the copies, while the stand on **wheels** allows you to better manage the space.

The folding programs can be easily customized thanks to the large color **Touch Screen**.

Work peaks?

GeraFold 222 is the solution to obtain the truly finished project: printed and folded!
